Klockner First Case Offer

For all our New Clinicians, **we offer a complimentary first case Implant Fixture FREE OF CHARGE**, so you can experience the Klockner Implant Systems with all its benefits.

VEGA or Essential Cone Implant Fixture	X1
VEGA or Essential Cone healing abutment/cover screw	X1
VEGA or Essential Cone Implant Replica	X1
VEGA or Essential Cone Impression Coping	X1

Terms and conditions:

- Offer valid within 6 months from the date of completed form returned to us by email.
- Offer valid for one treating Clinician regardless of their multiple location practices.
- Treating Clinician can choose one single Fixture from VEGA contactTi, VEGA or Essential Cone Klockner implant Systems for any size.
- The following prosthetic components will be provided to complete the prosthetic phase (Impression coping, lab analogue, healing abutment or cover screw+ Straight abutment) free of charge. Once completed the Impression coping and Healing abutment or cover screw need to be returned to Euro Biotechnologies Medical & Dental Supplies within 7days, otherwise full fees will be charged for unreturned parts.
- The Abutment will be charged separately whether its straight, angulated abutments, esthetic or any abutment within the prosthetic catalogue.
- Surgical Kit will be loaned by our sales representative for the surgical placement of the Klockner fixtures. The kit will need to be sterilized once implant placement is complete and returned on the same day with the Sales representative.
- Any Temporary or definitive final restoration (Crown or bridge) is the sole responsibility of the treating clinician to provide to the patient.
- Pre-planning and any diagnostic records are the sole responsibility of the treating clinician. Euro Biotechnologies Medical and Dental Supplies will carry no liabilities in this regards.
- If an additional case is required 50% off its recommended retail price will be given as a discounted rate.
- Please fill in the details and email to: enquiries@eurobiotechnologies.com.au or Whatsup us on +61 424 093272.
- For further details about different implant fixtures and prosthetics, please visit our website at www.eurobiotechnologies.com.au
